### Profile

I am a principled and positive person who wants to learn every day of his life. I'm approachable, honest and bullshit-free. I aspire to facilitate social change and new thinking through my work as a graphic designer.

At the moment I'm most happy working in print and branding, but I'm always willing to try something new. I have an eye for detail and believe that every design element I use needs to fulfill a purpose. I like clear, considered and practical graphic design with a touch of wit. I search for what is unique in a problem in order to come up with a unique solution.

### Skills

#### Software

- Fluent in InDesign, Photoshop & FTP
- Competent in Illustrator & Bridge

#### Web

- Fluent in XHTML & CSS
- Competent in SQL
- Experienced with social networking and online communication

#### Everyday skills

- I am comfortable communicating in written and spoken English
- I can handle pressure
- I am comfortable meeting new people

### Education

2007-present  
**BA (Hons) Graphic Design**  
University College Falmouth

2005-2007  
**Four A-Levels (A-B)**  
Knutsford High School

2003-2005  
**Nine GCSEs (A\*-B)**  
Knutsford High School

Graphic Design: A  
English Language: A  
Philosophy & Ethics: B  
Media Studies: B

Including Graphic Design, English & Mathematics.

### Experience

2009 (two days)  
**TR Creative**  
Junior Graphic Designer  
(Work experience)

My responsibilities included working on two live briefs, relaying information between the design and administrative departments, and copywriting.

The placement taught me how to be more efficient in how I work (using batch automations and Adobe Bridge), gave me more experience working with brand guidelines and honed my typographical skills.

2004-2006  
**Team Rewards Ltd**  
Data Input Clerk  
(Part-time Employment)

My responsibilities included the input and handling of sensitive customer information, answering phones and speaking to customers, and compiling a stock photography library.

The job helped me develop my organisational skills, my time management and introduced me to working entire days in an office.

2004 (one week)  
**MMi Creative**  
Junior Graphic Designer  
(Work experience)

My responsibilities included meeting with clients and handling client web hosting accounts.

The placement helped me develop my presentational skills, the way I generate ideas and introduced me to working in a design studio.
